

Lewatit Resin Manufacturer's Declaration

Lewatit® S 1567

is manufactured in accordance with a certified Quality Assurance System and in accordance with the recommendations of the Resolution ResAP (2004)3 of the Council of Europe on ion exchange and adsorbents resins used in the processing of foodstuffs.

Particularly only substances are used for manufacturing which are listed in the technical document no. 1 of the Resolution.

We confirm that **Lewatit® S 1567** is in chemical compliance with FDA 21 CFR § 173.25. Please note that a resin which meets the requirements with respect to its composition must be pre-treated by the user in accordance with the manufacturer's instructions and must comply with the extraction limits described under 21 CFR § 173.25(c). For **Lewatit® S 1567** the exemptions in 21 CFR § 173.25 (d)(1) apply.

Lewatit® S 1567 is tested and certified under BS 6920 by WRAS (UK) and is also approved by the Water Quality Association (WQA) according to ANSI/NSF 61 Standard "Drinking Water System Components - Health Effects".

The user of **Lewatit® S 1567** is responsible to check the ability of the resin for the intended use.

Lewatit® S 1567 corresponds with the technical data and recommendations given in the relevant Lewatit Product Information and Technical Information.
